

# The Market Pub

## Cellar List

The Market Pub is regarded as one of the finest real ale pubs in Derbyshire. Last year we got through more than 400 different real ales! Unlike a lot of pubs, we have been continuously selling real ale for the last 150 years. We have regular beers but we also have new guest ales in our cellar every week. We stock local beers, and you will always find a range of ales going from brightest blonde to darkest porter. Below is a list of some of the beers which will feature this month.

### Real ale list
